

English and maths

Managing your Money

It's more important than ever these days to be able to budget your income effectively.

What are the entry requirements?

There are no formal qualification requirements for you to access this course but it helps if you have a basic level of maths and can use a calculator to carry out simple calculations.

Need more information?

You can find out more about Northern College and the courses on offer by calling us on 01226 776000 or emailing us courses@northern.ac.uk

Course description

On this short course you will learn strategies for managing money whether that is, for example, shopping for food or choosing the best phone contract for you. Even if you think you don't have very good maths skills, these are the kinds of strategies which could have a really positive impact on how you use those skills.

Join us on this journey and start to develop the maths skills which will help you to manage your household budget.

What can this course lead to?

You might like to try Essential Skills;

Whole Number & Decimals
Essential Skills: Measure, Charts & Graphs.

or even go onto a Functional Skills Maths course at the level which is best for you.
