

English and maths

GCSE Maths (Evening)

GCSE Maths is an essential entry requirement for many jobs and courses nowadays, particularly if you want to work in science, teaching, health or social care.

What are the entry requirements?

As part of the application process, you will be required to complete a maths assessment. This will ensure we offer you the right level of course, helping you to achieve.

If you already have a Grade 3 (D) you will automatically be able to access this course; do make sure that you mention this on your application.

Need more information?

You can find out more about Northern College and the courses on offer by calling us on 01226 776000 or emailing us courses@northern.ac.uk

Course description

This year-long course has been developed specifically to help you to develop your mathematics skills, but it also focuses on how to succeed in your exams to give you the best chance of passing.

You will be supported by expert staff to achieve your goals, working alongside other like-minded adult students who, like you, are motivated to succeed. It's the perfect learning environment.

What can this course lead to?

GCSE qualifications are often a requirement to join study programmes at level 3, or for access to Higher Education. This qualification will also make you more competitive in the jobs market.
