Northern College

Digital and IT

What is Artificial Intelligence?

We've all heard of Artificial Intelligence, it's in the news, in films, and has even made its way into education.

When does this start and end?	What are the entry requirements?	Need more information?
• 27 February 2025 - 28 February 2025	No formal requirements, but students will need existing basic digital skills or to have completed the First Steps with Computers course.	You can find out more about Northern College and the courses on offer by calling us on 01226 776000 or emailing us courses@northern.ac.uk

Course description

We've all heard of Artificial Intelligence, it's in the news, in films, and has even made its way into education. But what actually is AI? What can it do and is it something we should be concerned about? On this course, you'll learn about ChatGPT, using it for yourself to find out more about its strengths and limitations.

It is recommended people create a ChatGPT account before the course starts.
