Northern College

Digital and IT

Intro to Creating Apps

Embark on a two-day journey to explore the world of mobile apps, understand their functionalities, and learn the basics of app creation.

What are the entry requirements?

Students would be expected to have basic digital skills, such as using files and folders, opening and using applications, and be comfortable using Microsoft Windows.

Course description

This hands-on course is tailored for beginners who are curious about apps, their uses, and want to try their hand at creating a simple app using a user-friendly drag-and-drop editor.

What can this course lead to?

Once this and the college's Creating Webpages course are completed, you will be ready to join the Intro to Computer Programming course.
