

# Digital and IT

## Getting into Virtual Reality

---

Step into the virtual world, but not just any world, one that you have created. Using JavaScript code, you will create virtual worlds that you can explore and interact with. You'll learn the basics of several concepts of 3D graphics and how they can be applied to create an immersive world experienced through a VR headset.

### When does this start and end?

- 23 January 2025 - 14 February 2025

### What are the entry requirements?

No formal requirements; students will require a familiarity with writing JavaScript code, ideally by completing the college's Introduction to Programming course. They will also need to be familiar with using a VR headset, perhaps by completing the college's What is Virtual Reality course.

### Need more information?

You can find out more about Northern College and the courses on offer by calling us on 01226 776000 or emailing us [courses@northern.ac.uk](mailto:courses@northern.ac.uk)

## What can this course lead to?

---

All equipment is provided.

## Want to learn more?

---

You can find out more about Northern College and the courses on offer at one of our Open Events [<https://www.northern.ac.uk/open-events/>]

## Location

---

On-site

## Course session dates

---

Session dates for 23 January 2025 - 14 February 2025

- Thursday 23 Jan 2025 to Friday 24 Jan 2025
- Thursday 30 Jan 2025 to Friday 31 Jan 2025
- Thursday 06 Feb 2025 to Friday 07 Feb 2025
- Thursday 13 Feb 2025 to Friday 14 Feb 2025
