

# Digital and IT

## More Robotics with the Micro:Bit

---

Building on past learning, this course looks more seriously at robots and what they can do, as well as creating more sophisticated programs for the robot to run.

When does this start and end?	What are the entry requirements?	Need more information?
<ul style="list-style-type: none"><li>13 March 2025 - 14 March 2025</li></ul>	No formal requirements; students will be required to have completed the Next Steps in Computers course, or already have digital skills equivalent to those listed in that course's description. They will also be required to have some experience of programming robots, such as having completed the college's Robotics with the Microbit course.	You can find out more about Northern College and the courses on offer by calling us on 01226 776000 or emailing us <a href="mailto:courses@northern.ac.uk">courses@northern.ac.uk</a>

## What can this course lead to?

---

Combined with other Northern College courses (such as Intro to Programming) this course could lead to the college's Further Robotics course.

## Want to learn more?

---
