Course description

The Construction Skills Certification Scheme (CSCS) course is designed to equip individuals with the knowledge and skills necessary to maintain a safe working environment on construction sites. This certification is a crucial requirement for individuals looking to work on construction sites across the UK, ensuring that all workers meet the necessary health, safety, and environmental standards.

This course is intended for anyone who is seeking a role that would require entering a Construction site this could include construction workers, cleaners, security staff and site administrators.

Did you know by 2028 the UK needs 250,000 extra construction site workers?

What can this course lead to?

This course will lead to employment opportunities within the Construction Industry. Alternatively, once achieved you could complete your SIA Licence to work as a Door Supervisor/ Security Guard or upskill in a specific area for example administration or management.
